

## **Statement of Purpose**

### **MSc International Business**

My name is Abdul Wahid khan, and my date of birth is 5 June 1996. I was born in Azad Kashmir Pakistan . I belong to a very educated family a Rajpoot family . I have completed my twelve class graduation from Squadron leader Masood ul haq shaheed college Bagh with 56% score( 2015) .After that i have completed my bachelor's degree in Agriculture food science and technology with CGPA 3.41 out 4 from PMAS Arid Agriculture University Rawalpindi Pakistan ( 2015- 2019 ).

Consequently I have done my operational manager job at chacha chaska restaurant Rawalpindi from 2019 to 2022. I have also done my 6 months food processing and preservation course during studies. I had applied for MSc International Business for the Ulster University.

#### **Reasons for Choosing this Course:**

MSc International Business will give me a solid grounding in the fundamentals of business management, with a focus on the international dimensions of business. Themes of global citizenship and cross-cultural communication run throughout, preparing me for work in diverse environments. I will learn the ways people do business across the world, and the challenges and issues they face.

The practical nature of the course ensures me progress with real-world skills and experience to succeed in my international career. I will be part of an active community of students in a city recognised as an international business hub. Birmingham city is home to many placement and graduate employers, which gives me a wealth of case studies and guest speakers. Career options are broad and exciting with opportunities to work worldwide. This degree gives me a solid platform for a career in business management, but I will graduate with a skillset relevant to any business career. I might go on to work for multinational enterprises,

governmental organisations or start my own born global company which help me to work in the business of the construction.

### **Why Ulster University??**

Ulster University is a university where curiosity prevails, and were exploring new ways of thinking and pushing boundaries, isn't just encouraged, it's expected. They are determined to do things differently and put student success at the centre of everything we do. University was committed to two things: excellence in teaching and excellence in research. Ulster University put student success at the heart of our mission, supporting every student from every background to achieve outstanding outcomes; preparing our students to thrive in their future lives. Studying with Ulster University at this level will put me in a better position to protect the job and advance to business management roles. Ulster University will support me to build my skills to work as a competent project manager, as I learn to use the latest strategies and programs to market my needs and business opportunities Ulster University cover all the relevant methods and frameworks, evaluate the value of data metrics in project analysis and planning and encourage me to use business management values and models in my work. I will work with leading researchers and as the study progresses, I will be equipped to advise on business management strategy, as I build my research communication skills and develop the necessary skills and knowledge to become a project team member, manager, or project leader.

### **Reasons for Opting for UK:**
