LETTER OF RECOMMENDATION

I am contended to endorse this letter of Recommendation in favor of **Mr.Bonda Giri Prasad** for the Master's Program at your esteemed university. I have known him for the past four years as a bachelor's student of our college. I have taught him Electronic circuit analysis. His commitment to the work assigned to him and the desire to achieve excellence in whatever he undertakes are applicable.

Mr. Giri Prasad is a very innovative and enthusiastic student. I observed in him showing a very good quality of inquisitiveness. Since the beginning of his undergraduate studies, he is very enthusiastic in learning about technological innovation and advancements. With this motivation he started working on various real time projects that helps to solve the real time problems. He has been a part of many presentations which involved programming and hardware technological implementation as a main theme

Considering his motivation, perseverance and intelligence, I strongly believe that he will scale the highest peaks in his field of interests. Through his strong technical, communication and interpersonal skills he maintains good rapport with lecturers and students.

With his great potential and being a highly committed and motivated individual, **Mr. Bonda Giri Prasad** will surely measure up to the high standards of your institution. I feel delighted in strongly recommending his candidature for admission into the graduate program in your prestigious institution.

Thanking You,

Regards

(Dr. G.Manmadha Rao)

LETTER OF RECOMMENDATION

I am glad to recommend **Mr.Bonda Giri Prasad** for the Master's Program at your esteemed university. I have known him for the past four years as a bachelor's student of our college. I have taught him VLSI and Microprocessors. His commitment to the work assigned to him and the desire to achieve excellence in whatever he undertakes are applicable. He is well-focused with a keen interest in the practical application of the subject. His habit of relating everything taught in class with everyday applications has strengthened his base.

Mr. Giri Prasad is a very innovative and enthusiastic student. I observed in him showing a very good quality of inquisitiveness. Since the beginning of his undergraduate studies, he is very enthusiastic in learning about technological innovation and advancements. With this motivation he started working on various real time projects that helps to solve the real time problems. He has been a part of many presentations which involved programming and hardware technological implementation as a main theme

Considering his motivation, perseverance and intelligence, I strongly believe that he will scale the highest peaks in his field of interests. I see a conscious and genuine motivation for graduate studies in him and I am very confident about his intellectual ability to do so. Through his strong technical, communication and interpersonal skills he maintains good rapport with lecturers and students.

I believe that **Mr.Giri Prasad's** interpersonal skills will help him to a great extent in his future endeavors. Additionally, his good personality as a result of a variety of his experiences as a team member in various organizations and projects, he would undoubtedly be an asset to the university he wishes to join. Hence, I strongly recommend him for admission into your esteemed university.

Thanking You,

Regards

LETTER OF RECOMMENDATION

I am writing this letter to support **Mr. Bonda Giri Prasad** who is applying to Master of Science programme at your university. His good performance in his courses that I taught is indicative of his interest Over this period through my observation, I would say that he is attentive and possesses positive attitude towards academics.

Throughout the course of study **Mr. Bonda Giri Prasad** has shown good understanding and analyzing of the subjects which holds him in good steady in all his academics endeavours. He had a positive outlook in his studies. During lab sessions, he took delight in experimenting and implementing the concepts taught in class. He has attended several workshops and industrial visit to improve his knowledge and kept himself up to date with the latest developments in his fields.

Considering his motivation, perseverance and intelligence, I strongly believe that he will scale the highest peaks in his field of interests. I see a conscious and genuine motivation for graduate studies in him and I am very confident about his intellectual ability to do so. Through his strong technical, communication and interpersonal skills he maintains good rapport with lecturers and students.

I have the belief that he will bring his energy, passion and creativity to your class and university as whole. I strongly feel that a student of his calibre and promise will be an asset to your institute. If you have any questions about this recommendation, please do not hesitate to contact me for I will gladly try to help.

Thanking You,

Regards
